1. I love you Ted, and I love all My followers, My disciples, My who-are-interested in Me, and those who don't even know I exist yet—they do, but not like I really exist, as I really am.

2. Oh I love and I love deeply and I constantly love continuously and disparage not those who know Me not, for whatever reason. I love them and I exalt them, I exalt them into My presence royal, royally, if they but let Me.

3. Re-orienting My entire body you are—I am—through you and My army of who-let-Me. My body grows dim not but ever increasingly sharp in its vision, its acuity of what nuances have beset it, and derailed it at times.

4. My body is growing in maturity and each sense, every sense of My body, will increase and become more powerful—meekly walking in humility displayed, powerfully, Me-ed, Me-ed, Me in them and Me coming through them in development and leadership of what My hand now reveals—to those who in intimacy will stay with Me, at My feet, and hear, see, feel, touch, and smell of Me, with My name on their foreheads—not the marks or remains of mammon.

5. Purity, purity, fleshly purity, spiritual integrity, commercial integrity—one. **I love My pure, regardless of rules and labels** and whatever they adhere to for sake of walking out Me in them.

6. My non-negotiables—My cup, My blood, My body, redemption—redeemed, made alive and new, refreshed, revived—and Ted, revival comes. Hesitate not to proclaim the sweep of My right arm, My body becoming My body in Me as never before—mature, mature, intimacy with Me—knowing Me, My character, My design for them and those around them. I love you.

7. Go and grow and schools make—arise, for made they are—they exist now in Me and birthing them you are—in intercession, each session of intercession and intimacy with Me. They come forth and giants arise from continents all, to pillars be in My schools of Me, of intimacy, of power, of grace personified, limitless, grace-limitless, Me-limitless, arisen with arisen ones of every label.

8. Oh unity of power that arises in the power of unity of My arisen ones who realize nuances not but capitalize entrepreneurially—in Me—of My body for My body and not for their own selfishness.

9. Oh Ted, schools, schools, boards, giants, teachers of magnanimous technical industrial scientific backgrounds arise to new make, in arising My design models—models of My design—allowing Me to speak and preach and teach, guide and coach

and befriend, mentor and disciple and arise into My big world—judged, corrected, judged and disciplined, disciplined, judged and corrected—making new music for Me and musical instruments of My design. Oh stagnant not—no more.

10. Alive, inventing, discerning, reproducing, increasing with each iteration—antitheses of degradation—faster, with Me, of Me, Me exposing Me, My wisdom, **My functions I've reserved for the holy—**meek ones who seek Me and learn at My feet, respecting all, and everyone around them.

11. Pouring Myself out now to My body and through My body to My body all—I am.

Receive Me or ignore Me.
Receive Me or constrict Me.
Receive Me or pay for your littleness—in wages you don't want required of you.

12. Flourish, flourish, flourish all those around you, in Me, freedomized to be My design empowered, embellished by the Son, the Son, THE Son—Me, Me, Me—without which you have nothing.

13. Reproduce with strength into every generation, every generation strengthened more so, until I come and appear in My fleshly body—what you might call My fleshly body—for so apparent will I be, so radiant, no words describe the implications of radiance—My beauty, My splendor, My naturalness—regal-ed by My Father—adorned by My Spirit—one, one, one We are.

14. I love you. Write, publish. Publishers come.

Arise your all-around-you, and happy be.

15. All expenses paid—provisioned mightily—and so much more so—that economic provision is no issue: purity, holiness, righteousness, meekness, honor, love—Ted—are the issues—and out of these issues, life—Me—My life—through you.

16. Healing comes—ready yourself.
Healing comes—ready or not.
Healing comes—My body needs Me.

I empower you.
I empower My body.
